

KPRESNMP

Part number: F10SNMPS
SNMP optional board

APPLICATION FIELDS

Installation

Technology On-line

OPERATING POWER [O.P.] (W) 1200

By-pass yes

Output type SE, SA

Signalling

Recharge time

EPO - Emergency power off

Overload

Output frequency (Hz)

Phase

Information on the display Alerts / Error

Battery input voltage (Vdc) 48

Input voltage (Vac)

Battery type

BACKUP TIME / [W O P] (min) 30 / [1200]

Wave form Pure sine wave

Operating current [inrush current] (A)	
Transfer time (ms)	2
Output voltage	
Efficiency (%)	
Input frequency (Hz)	50 / 60
Communication	
Cooling	
Working temperature (°C)	0 +40
IP rating	
Audible noise at 1m (dBA)	
Connection	
Standard provided equipment	
Material	
Standards	EN 50171-1
Warranty	2 Year
Package quantity (pieces)	1
Height (mm)	
Width (mm)	
Depth (mm)	
Weight (Kg)
