

SIQURA

FD980

4K Fixed dome camera, 4-8mm motorized, H.265/H.264/MJPEG

DESCRIPTION

The FD980 is an 8MP HD fixed dome camera with built-in IR illumination providing razor sharp 4K images even under difficult lighting conditions. Its unique cablemanaged bracket, built-in IR, weather and vandal resistance, makes it the ideal camera for almost any outdoor application. As underlined by its ONVIF Profile S, G, T conformance, installation is fast and easy.

FEATURES

4K resolution, 8 MP @ 30 fps

4-8 mm motorized varifocal lens

Quad-stream H.265, H.264 and MJPEG video

120 dB High Dynamic Range

Lens Distortion Correction

Built-in IR illuminator

IP66 ingress protection

IK10 impact rating

24 Vac, 12 Vdc, PoE

ONVIF Profile S, G and T

Description

Multi-stream multi-codec

The camera has quad-stream capability for simultaneous streaming of H.265, H.264 and MJPEG. Multiple combinations of resolution, frame rate, and encoding can be configured to fit all possible live viewing and recording scenarios. The 4K or 8 Mpixel resolution is available at 25/30 fps still offering multiple exposure WDR (or HDR, in short) with the possibility to add a second stream.

Built-in IR illuminator

With a working distance of up to 40 m the camera has its own IR illumination built-in. The intelligent lighting control make sure that under every condition the exposure on the subjects and surroundings is nicely balanced

Open standards

Multiple options are available to easily integrate the FD980 to a video management system. In support of open standards, the camera is compliant with the ONVIF Profile Q for out of the box installation, profile G for local recording and profile S for streaming and VMS compatibility.

Image enhancement

The FD980 utilizes advanced image processing technology. Crisp and detailed 4K images with an extremely high dynamic range in real time due to multiple exposure HDR within one frame. Back-light and High-light compensation enhances image-visibility in difficult lighting situations. In addition the camera provides for 3D motion compensated noise reduction for the best images.

Power source choices

The FD980 can be powered by 12 Vdc, 24 Vac, or over the network with PoE.

Camera			
Image sensor	1/1.8" CMOS		
Effective pixels	3864(H) x 2180(V)		
Minimum scene illumination	0.04 Lux color, 0.002 Lux B/W, f/1.6		
	0 lux with IR		
Shutter speed	1 to 1/100,000 sec		
IR illumination	850 nm, up to 40 m		
IR function	Auto, Night, Day, Light sensor, Light On, Light Off, Smart		
Lens	Motorized varifocal		
Focal length	4 to 8 mm, f/1.6		
Horizontal field of view	113° (Wide) to 59° (Tele)		
Lens material			
	High-grade optical glass		
Image control			
Dynamic range	120 dB (HDR)		
Exposure control	P-Iris		
White balance	Auto, ATW, One push, Manual		
Image settings	Sharpness, Brightness, Contrast, Color, EV, Backlight Compensation,		
	Highlight Compensation, WDR		
SNR	Better than 54dBw		
Noise reduction	2DNR, 3DNR, motion compensated noise reduction		
Image rotation	90°, 180°, 270° rotation		
Digital zoom	10x		
Functions			
Privacy masks	8 colors, 5 masks		
Text and picture overlay	Date, time, date & time, subtitle, image		
Video motion detection	On / off / by schedule		
Video motion detection alarm	Alarm output, record video clip, send alarm message, upload image		
Network failure detection	On / off / by schedule		
Network failure detection alarm	Alarm output, record video clip, send alarm message, upload image		
Tamper detection	On / off / by schedule		
Tamper detection alarm	Alarm output, record video clip, send alarm message, upload image		
Behavior Analytics*	Abandoned Object, Intrusion Detection, Camera Sabotage		
	Wrong Direction, Loitering Detection, Object Counting		
	Object Removal, Stopped Vehicle
