Mini-Com® 8-port DIN Rail Fiber Patch Panel

FDME8RG

The IndustrialNet™ 8-port DIN Rail Fiber Optic Patch Panel provides fiber protection for terminated distribution style cabling. It can be mounted to a standard 35mm DIN rail and locked in place with adjustable latches, which are designed to allow it to mount on a flat surface. This DIN rail mount enclosure includes a PG21 or ¾" NPT cable cord grip to secure fiber cables exiting the enclosure. It features a removable faceplate with four label pockets, labels, and covers for port identification.
